Attn.: Engineering Department,

Re: Engineering Certification for UniRac's PUB16JAN05 edition of the "SolarMount Design & Engineering Guide"

PZSE, Inc.-Structural Engineers has reviewed UniRac's "SolarMount Design & Engineering Guide" published January 05, 2016 and specifically the enhancements of the SolarMount Flush-to-Roof System, Pressure Lookup Tables, and Downward & Upward Span Length Tables.

This certification excludes connections to building structures and the effects on building structure components. All information, data and analysis contained within the Design & Engineering Guide are based on, and comply with the following:

1. 2006 International Building Code, by International Code Council, Inc. 2006
2. ASCE/SEI 7-05 Minimum Design Loads for Buildings and other Structures by ASCE, 2006
3. 2005 Aluminum Design Manual, by The Aluminum Association, 2005

This letter certifies that the structural calculations contained within UniRac's "SolarMount Design & Engineering Guide" are in compliance with the above Codes.

If you have any questions on the above, do not hesitate to call.
