METAL X®

UNIRAC
BETTER SOLAR STARTS HERE

LOWEST COST PER WATT, FASTEST INSTALL

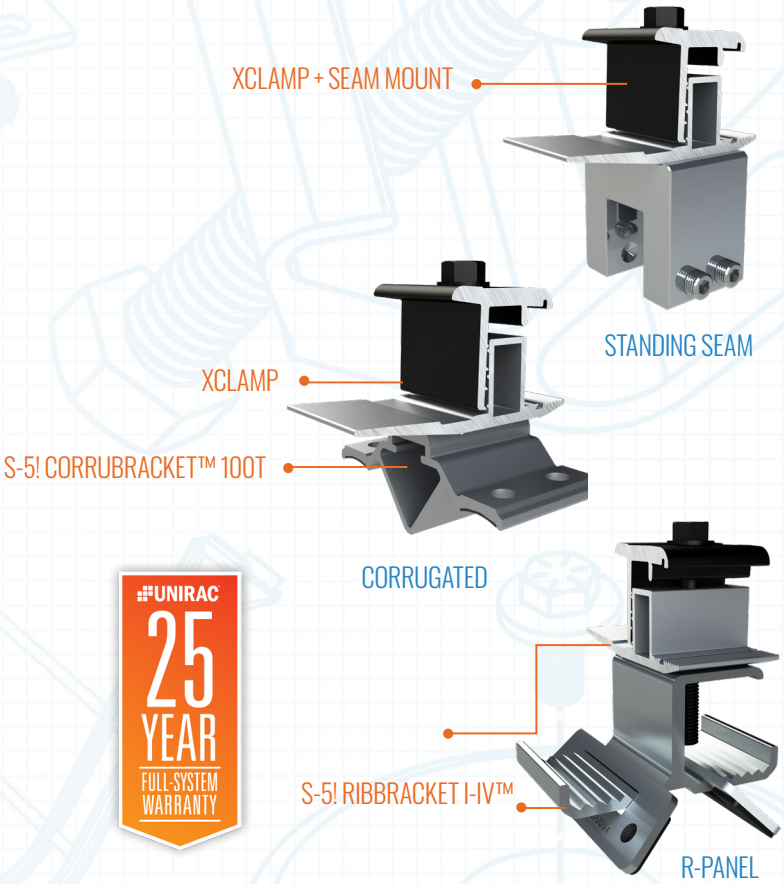
- Enables module drop-in from above for faster, safer installation.
- Fits 30 - 50mm module frame thickness
- Simple system consists of Xclamps, EcoX couplings and roof attachments.
- Couplings reduce attachments and support maximized spans.

SKIP THE RAILS, CUT THE COST

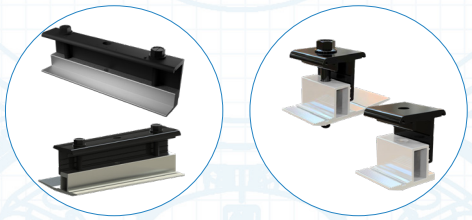
- XClamp secures modules to roof attachments for corrugated, standing seam or R-panel metal roofs.
- Provides integrated bonding, pre-installed bond clips.

ELIMINATE THE RAILS

- Preassembled coupling joins modules structurally and electrically, creating continuous structure and integrated bonding.



UNIRAC 25 YEAR FULL-SYSTEM WARRANTY



WHY METALX®?

The entire METALX® Racking System consists of small components that are easy to ship, transport, load onto the roof and install. No rails are needed. Components fit every module thickness, so any module can be installed on every metal roof. Installer-focused design delivers fast, simple installation at the lowest cost per watt for industrial, commercial and residential metal rooftops.
