UNLOCK MAXIMUM SAVINGS WITH RM10 EVO®

Unirac's RM10 EVO® racking system is domestically produced and has all the key features that customers value. RM10 EVO® may provide taxpayers with an option to claim the 10% Domestic Content Bonus Credit (DCBC)*!

Under the IRS's First Updated Safe Harbor Guidance (Notice 2025-08), the RM10 EVO® racking system may contribute up to 19.6% of the total domestic content requirement for a complete PV installation for MLPE-based systems. When paired with select domestic content inverters on the market, the RM10 EVO® racking system can play a pivotal role in meeting the domestic content threshold!
