

CERTIFIED INSTALLER PROGRAM

EARNING YOUR CERTIFICATION

Our network of Unirac Certified Installers is passionate about solar. From knocking on doors to PTO, working in the solar industry encompasses a wide array of skills. Our elite program connects companies, small and large, to grow their influence by utilizing our products, services, and installer-tailored experiences.

KEY BENEFITS

- **Tailored Training:** Certified Installers receive sales and product trainings, along with access to Unirac's Installer Sales Specialist team, where they will learn installation best practices.
- **Superior Warranty:** Utilizing homeowner registration, we ensure that all warranties are fully transferable to the homeowner. We offer select partners an extended warranty that transcends our standard 25-year coverage.
- **Specialized Marketing:** Use your certification status to separate yourself from the competition. Unirac will assist in your marketing efforts to help you grow in your market, win jobs, and boost homeowner confidence.
